

Academic Information systems

1. Login details

- in case you haven't found the login details for university systems yet, follow the instructions on this page: <https://uvt.tuke.sk/wps/portal/uv/sluzby/centralny-autentifikacny-system/novy-student>
- If you have already generated login details (i.e. login and password), you can log into the university systems.

2. E-mail client TUKE (<https://uvt.tuke.sk/wps/portal/uv/sluzby/mail-studenti>)

- each student has access to a university e-mail account,
- you log in with your unique login and password, which TUKE assigned to you!!!
- the e-mail is in the form: **name.surname@student.tuke.sk**,
- if you want to write an e-mail to the teacher, the form is as follows:
name.lastname@tuke.sk,
- it may happen that some of you, but also some of the teachers have the following mail form: name.lastname.2 - the number means that someone with such a name is already at the university, make sure that your e-mail reaches the right person. Therefore, if you are writing an e-mail to the teacher, check your e-mail contact in the telephone directory (<https://zoznam.tuke.sk/>),
- for communication with the teacher use exclusively this university e-mail account !!!

3. IS MAIS (<https://mais.tuke.sk/>, <https://student.tuke.sk/>)

- the place through which you see marks from subjects, information about accommodation, you register for exams, final theses...
- you log in with a unique login and password.

4. LMS Moodle (<https://www2.ekf.tuke.sk/moodle/>)

- you log in with a unique login and password.
- all instructions on how the lectures and exercises will take place, where you will have to join (link to online platform), instructions, points, lectures, exercises for each week will be published in Moodle,
- it is necessary that you check this system regularly, it is your duty to check your student mail as well.

5. MS Teams (<https://www.microsoft.com/en-us/microsoft-365/microsoft-teams/group-chat-software>)

- Microsoft 365 Team Collaboration Center
- you will use this software during online lessons,
- registration is via student e-mail contact in the form: **name.lastname@student.tuke.sk**
- then the page redirects you to MS Teams for the Technical University - you log in again with a unique login and password,
- you can download the application or use MS Teams in your browser,
- in Moodle (for the given subject) or in e-mails you will find a link through which you can register for the given subject at the time of the lecture.

6. Cisco WebEx

- a web conferencing solution that is used similarly to Teams to organize audio or video conferences,
- in Moodle or in the student mail you will find a link from the teacher, through which you will connect to the WEBEX meeting at the time of the exercise,
- the link should look like this: <https://tuke.webex.com/meet/name.lastname>
- even in this case you do not need to install the application, you can use WEBEX in your browser
